

SOUTH YARRA PRIMARY SCHOOL NEW STUDENT ENROLMENT POLICY

Rationale

South Yarra Primary School (“**SYPS**”) is a zoned primary school. This means that only students who permanently reside in the current SYPS designated school zone (“**SYPS Zone**”) can be enrolled at SYPS.

The Department of Education and Training has reduced the boundary of the designated SYPS Zone in response to the unprecedented numbers of families wishing to enrol their children at SYPS putting undue strain on SYPS’s limited facilities. Other state primary schools in the area are currently not zoned because they have larger grounds and can physically accept higher numbers of students without negatively impacting on the learning environment.

This policy and Appendix A outline the steps that families seeking to enrol children at SYPS need to follow during the application process, as well as the ongoing requirements that these families will need to meet each year to prove that they continue to permanently reside in the SYPS Zone.

Enrolment Applications

All enrolment applications must include proof that the child seeking enrolment permanently resides in the SYPS Zone. The required documents include:

- A rates notice (confirming ownership and occupation of a residence in the SYPS Zone) or a long term lease of 12 months or more (concurrent with the school year) that has been prepared by a registered real estate agent and is held in a parent/guardian’s name covering the period that the child will be at SYPS; and
- A Statutory Declaration of Residence from both parents/guardians in the prescribed form.

A full list of the required supporting documents is set out in Attachment A.

SYPS has the right to conduct searches at the Land Titles Office and other government departments, or through any other means available (including door knocking), to confirm the accuracy of information provided in any enrolment application.

Ongoing Enrolment

It is expected that families enrolling their children at SYPS will remain permanent residents within the SYPS Zone.

Current students: moving out of the SYPS Zone

If a family moves out of the SYPS Zone after an enrolment application has been accepted, the parents or legal guardians of the affected student/s must immediately notify SYPS in writing.

The requirement of permanent residency within the SYPS Zone will be actively monitored and enforced.

Siblings: outside the SYPS Zone

If families with students already enrolled at SYPS move out of the SYPS Zone and at a future date wish to enrol a sibling, the sibling may not be eligible for enrolment. Please refer to the Priority Order of Placement on the DET website listed below.

Siblings: SYPS Zone Changes

If at any time the SYPS Zone is reduced or changed by the Department of Education, siblings of students outside the new SYPS Zone will not be eligible to enrol. SYPS will notify any families affected by changes to the SYPS Zone.

Families who believe they have grounds for appeal are advised that the Department of Education and Training Appeals Process will be followed. (Please refer to the link below.)
