Statement of commitment to child safety

South Yarra Primary School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

Roles and responsibilities

Specific staff child safety responsibilities

South Yarra Primary School has nominated a child safety champion (Assistant Principal) to support the principal to implement our child safety policies and practices, including staff and volunteer training.

The responsibilities of the child safety champion are outlined at [Guidance for child safety champions](#).

Our principal and child safety champion are the first points of contact for child safety concerns or queries and for coordinating responses to child safety incidents.

- The Assistant Principal or Wellbeing Leader is responsible for monitoring the school's compliance with the Child Safety Policy. Anyone in our school community should approach the Assistant Principal or Wellbeing Leader if they have any concerns about the school's compliance with the Child Safety Policy.
- The Assistant Principal or Wellbeing Leader is responsible for informing the school community about this policy, and making it publicly available
- Other specific roles and responsibilities are named in other child safety policies and procedures, including the Child Safety Code of Conduct, Child Safety Responding and Reporting Obligations (including Mandatory Reporting) Policy and Procedures, and Child Safety Risk Register.

Our school has also established a Wellbeing Team on child safety. The Wellbeing Team meet regularly to identify and respond to any ongoing matters related to child safety and wellbeing.

Our Student Improvement Team monitors the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

- The Child Safety Code of Conduct, located on our school's website at <https://southyarraps.vic.edu.au> also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

Establishing a culturally safe environment

At South Yarra Primary School we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- All staff completed the Community Understanding and Safety Training initiative (CUST) in 2020
- SYPS displays the Aboriginal and Torres Strait Islander flags in the school foyer.
- Acknowledgement of Country and National Apology are clearly displayed in the Main Office
- Regular posts on Compass highlighting cultural festivals, local seasons and significant events
- Curriculum Planning considers Aboriginal culture across all year levels
- SYPS continues to ensure that resources, eg library books and other resources, reflect the local Aboriginal people
- Significant events, such as Sorry Day, Reconciliation Week and National Apology Day are acknowledged by the whole school at assemblies and in classes
- Aboriginal families are given the option to choose whether they would like to stand for the National Anthem during assembly. If they choose not to, they are supported by other students who sit with them to show support.
- Staff are encouraged to engage in professional learning to deepen their understanding of Aboriginal culture
- The school is building a relationship with local Aboriginal groups
- SYPS Grounds Masterplan considers the original environment that was in our area before colonisation
- Student leaders are leading projects to create a safe environment such as displaying the Aboriginal and Torres Strait Flags in the school foyer.

Student empowerment

To support child safety and wellbeing at South Yarra Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through implementing our whole school approach to Respectful Relationships, our student Code of Conduct and our school values.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers.

We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at the school office.

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

South Yarra Primary School will empower children and students by:

- Inviting students to provide feedback on school-wide decisions and take their views into account in school decision-making
- Encouraging student participation in activities that contribute to the life of the school
- Involving students in consultation processes and inform them of their impact on decision-making.
- Demonstrating that the school takes students seriously by acting on their concerns, noting that what might seem unimportant to an adult may be important to a young person.
- Providing students who find it harder to speak up or be heard with multiple avenues for communicating, including writing, drawing, or physical forms of communication.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at South Yarra Primary School, we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- through the school website, newsletters, other Compass communications, school council, subcommittees of school council, student, staff, and parent meetings etc.
- all of our child safety policies and procedures will be available for students and parents on our school website at <https://southyarraps.vic.edu.au>
- Newsletters via the Compass portal will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.
- PROTECT Child Safety posters and the SYPS Values and SYPS Acceptable Behaviours Posters will be displayed across the school in all classrooms, the library, the Art Room, the STEAM Room and in all staff and student areas of our school.

Diversity and equity

As a child safe organisation, we celebrate the rich diversity of our students, families and community and promote respectful environments that are free from discrimination. Our focus is on wellbeing and growth for all.

We recognise that every child has unique skills, strengths and experiences to draw on.

We pay particular attention to individuals and groups of children and young people in our community with additional and specific needs. This includes tailoring our child safety strategies and supports to the needs of:

- Aboriginal children and young people
- children from culturally and linguistically diverse backgrounds
- children and young people with disabilities
- children unable to live at home or impacted by family violence
- international students
- children and young people who identify as LGBTIQ+.

Our Student Wellbeing and Engagement Policy at <https://southyarraps.vic.edu.au/> provides more information about the measures we have in place to support diversity and equity.

Training includes guidance on:

South Yarra Primary School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy can be found at <https://southyarraps.vic.edu.au>

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures at <https://southyarraps.vic.edu.au>

Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school. As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
